TIMAGO.COM

TABLE OF CONTENTS

product code: H011-B

BASIC-TIM

Maximum load of 115 kg • tilting and removable footrests • tilting armrests • parking brake

STEEL WHEELCHAIRS

product code: FS 901

STANDARD-TIM

Maximum load: 100 kg • divided backrest • double cross bar • tilting footrests with 3 adjustable levels • short armrest • attendant brake

STEEL WHEELCHAIRS

product code: FS 681 / FS 681U

COMFORT-TIM

Maximum load of 100 kg • toilet function • removable sanitary container • tilting armrests • aluminium handrims • tilting footrests

STEEL WHEELCHAIRS

product code: T101

EVERYDAY-TIM

Maximum load of 120 kg • user safety belt • pillow included in set • parking brake • quick-release axle • anti-tipping wheels • double cross bar • aluminium handrims

ALUMINIUM WHEELCHAIRS

product code: H011

CLASSIC-TIM

Maximum load: 115 kg – for 48 cm size • 135 kg – size of 51 cm • quick-release axle • pillow included in set • user safety belt • tilting and removable footrests • tilting and height adjustable armrests • parking brake

STEEL WHEELCHAIRS

product code: K7

BIG-TIM

Maximum load: 225 kg • double cross bar • tilting steel footrests with step length adjustment • short armrest with a disassembly function • parking brake • steel handrims

STEEL WHEELCHAIRS

product code: TGR-R WA C2600

PREMIUM-TIM

Maximum load of 100 kg • divided backrest with cushion • user safety belt • removable upholstery • parking brake • quick-release axle • anti-tipping wheels • double cross bar

ALUMINIUM WHEELCHAIRS

product code: E1

EXPERT-TIM

Maximum load 125 kg • user safety belt • removable softened upholstery • lateral stabilizer • seat angle adjustment • parking brake • quick-release axle • anti-tipping wheels • double cross bar • aluminium handrims

ALUMINIUM WHEELCHAIRS

product code: TGR-R WA 6700

EXCLUSIVE-TIM

• maximum load: 115 kg • attendant brakes • divided backrest • user safety belt • quick-release axle • reflectors on backrest and wheels

ALUMINIUM WHEELCHAIRS

product code: ALH 008

STABLE-TIM

• maximum load: 100 kg – for a 46 cm seat size, 120 kg – for a 51 cm seat size • extended backrest with a function to adjust the angle of inclination from 0° to 90° • headrest • attendant drum brake system • 4-point belt for the user • anti-tipping wheels • double cross bar • adjustment of the centre of gravity

CARE WHEELCHAIRS

product code: FS 692

TRANSPORT-TIM

• maximum load: 100 kg • transport and toilet function • soft upholstered seat • tilting armrests • sanitary container • 4 pivoting wheels with brakes • possibility to move over a toilet

TRANSPORT WHEELCHAIRS

product code: FS 7962L

SHOWER-TIM

• maximum load: 100 kg • corrosion-resistant aluminium frame • seat with a U cut-out and drainage holes • tilling leg support • tilting armrests

SHOWER WHEELCHAIRS

product code: D130AL

ELECTRICTIM I – ELECTRIC WHEELCHAIR ON LARGE WHEELS

• maximum load: 90 kg • folding frame • control panel - joystick • 5-gear speedometer • sound signalling • compatible with stair climber • anti-tipping wheels, pneumatic • removable upholstery

POWERED WHEELCHAIRS

product code: D130HL

ELECTRICTIM II – ELECTRIC WHEELCHAIR ON SMALL WHEELS

• maximum load: 90 kg • folding frame • control panel - joystick • 5 gears • sound signalling • anti-tipping wheels, pneumatic • removable upholstery • range up to 20 km

POWERED WHEELCHAIRS

product code: TGR-R RS 881

TGR-R RS 881

• anatomical handgrips • height adjustable handles • parking brakes • seat with removable tray • crutch holder • basket and tray • solid rubber wheels • folding function

STEEL SUPPORTS

product code: TGR-R RS 8811

TRG-R RS 8811

• hand brakes with locking mechanism • seat with removable tray • basket with a handle to transport luggage up to 12 kg • height adjustment • push button for easy folding • full-cast wheels

STEEL SUPPORTS

product code: TGR-R RS 880

TGR-R RS 880

• height adjustable handles • anatomical handgrips • brakes with parking clamps • upholstered seat • soft backrest • removable basket • folding function

STEEL SUPPORTS

product code: TGR-R RS 8812

TGR-R RS 8812

• foam handgrips • height adjustable forearm support • seat • lock on 4 wheels • IV stand holder

STEEL SUPPORTS

product code: TGR-R RT 892G

TGR-R RT 892G

• anatomical handles • height adjustable handles • brakes with parking clamps • basket with removable tray • shopping bag • full rubber wheels • folding function

STEEL SUPPORTS

product code: JMC-C 3511

JMC-C 3511

• anatomical handles • height adjustable handles • wide seat • rubber wheels • folding function

STEEL SUPPORTS

product code: TGR-R RA 882

TGR-R RA 882

• lightweight aluminium frame • anatomical handgrips • height adjustable handles • parking brakes • upholstered seat with backrest • crutch holder • detachable shopping cart • folding function

ALUMINIUM SUPPORTS

product code: TGR-R RA 883

TGR-R RA 883

• lightweight aluminium frame • increased impact resistance • anatomical handles • height adjustable handles • brakes with parking clamps • backrest seat • crutch holder • narrow section wheels • folding function

ALUMINIUM SUPPORTS

product code: TGR-R RA 888

TGR-R RA 888

• lightweight aluminium frame with metallic gloss • height adjustable handles • brakes with parking clamps • upholstered seat • backrest with an option to change sides for transport function • foldable leg support • folding function

ALUMINIUM SUPPORTS

product code: TGR-R RA 885

TGR-R RA 885

• lightweight aluminium frame • anatomical handgrips • height adjustable handles • brakes with parking clamps • upholstered seat with backrest • height adjustable seat • handy shopping bag • crutch holder • wheel removal function

ALUMINIUM SUPPORTS

product code: FS 914L

FS 914L

• foam handgrips • wide seat • height adjustable • folding function

product code: JMC-C 3016W5

JMC-C 3016W5

• resistant aluminium frame • height adjustable;
• wide area of support • comfortable handgrips • folding function
• rear legs with anti-sliding rubber tips

WALKERS

product code: JMC-C 3201/3202

JMC-C 3201/3202

• double-reinforced frame • wide area of support • soft foam handgrips • height adjustable • folding function
• anti-sliding rubber tips

WALKERS

product code: JMC-C 3222

JMC-C 3222

• double-reinforced aluminium frame • standard and reciprocating functions • height adjustable • wide area of support • comfortable handgrips • folding function • rear legs: anti-sliding rubber tips

WALKERS

product code: TGR-R RTA 891L

TGR-R RTA 891L

• lightweight aluminium frame • anatomical handgrips • height adjustable handles • brakes with parking clamps • maximum load: 125 kg • basket with removable tray • zip bag • narrow section wheels • folding function • maximum load on bag and shopping cart: 5 kg

ALUMINIUM SUPPORTS

product code: FS913L

FS913L

• reinforced frame • standard and reciprocating function • wide area of support • stable, long scope of rolling • soft foam handgrips • height adjustable • folding function • anti-sliding tips

WALKERS

product code: JMC-C 3211/3212

JMC-C 3211/3212

• double reinforced frame • wide area of support • stable, long range of walking • soft foam handgrips • height adjustable • folding function • anti-sliding rubber tips

WALKERS

product code: JMC-C 2680SL

TRIPOD WALKING STICK

• soft foam handgrips • aluminium-steel leg • height adjustable handle • base with three legs and rubber tips

AIDS

product code: JMC-C 2670SL
JMC-C 2660SL

QUAD CANE

• foam or plastic handgrips • height adjustable handle • base with four legs and rubber tips

AIDS

product code: JMC-C 2040-2046
JMC-C 2048-204

FOREARM CRUTCH

• resistant handgrips • ergonomic shape • adjusted elbow angle • leg with a rubber tip

AIDS

product code: FS 933L

FOREARM CRUTCH WITH PIVOTING CLOSED-CUFF

• resistant handgrip • pivoting cuff • leg with rubber tip • two-stage upper and lower adjustment

AIDS

product code: FS 948L / FS 949L

CANE

• left-hand or right-hand grip • wrist strap • step length adjustment • leg with rubber tip • can be folded in three parts

AIDS

product code: TGR-R RR S005L

REHABILITATION ROTOR WITH COUNTER

• counter showing completed cycles, workout duration and calories consumed • resistance pressure mechanism • rubber straps for feet • four rubber anti-sliding pads • folding function

AIDS

product code: JMC-C 7000

BACK SUPPORT

• backrest angle adjustment (step, 5 angles) • steel frame • removable head pillow • backrest made of breathable mesh • medical device

AIDS

product code: TGR-R PRJ 101

SPIKY MASSAGE BALL

• Convex spikes on the ball surface stimulate sensory receptors. Spiky balls improve hand grip and movement coordination.

AIDS

product code: TGR-R KT 618

FOLDING COMMODE

• steel foldable frame with quick connectors • sanitary board with a flap • sanitary box, cover • height adjustable feet • anti-sliding rubber tips.

TOILET AIDS

product code: FS 696

COMMODE CHAIR ON WHEELS

• steel foldable frame, powder-painted • sanitary board with flap • sanitary container • height adjustable feet with wheels • rear wheels with a lock • maximum load: 100 kg

TOILET AIDS

product code: KING-12FA-20

TOILET SEAT WITH SIDE HANDLES

• 12 cm high • maximum load: 130 kg • modern mounting system • tilting side handles • cut in the front part • fits most toilets • resistant to stains and odours

TOILET AIDS

product code: KING-15L-20

TOILET SEAT

• 15 cm high (available only with a flap) • durable and resistant plastic • stain and odour resistant • modern mounting system • anti-sliding protections • fits most toilets

TOILET AIDS

product code: JMC-C 5300KD

TOILET SAFETY RAILS

• made of ultra-light aluminium • adjustable width and height • legs with anti-sliding rubber tips

TOILET AIDS

product code: FS 793S

SWIVEL BATH SEAT

• profiled seat with backrest • swivelling base with a lever locking the seat in four positions • wedges for stabilizing • side handles

BATH AIDS

product code: TGR-R LW 794L-1

SUSPENDED BATH SEAT

• two-stage width adjustment: 73 cm, 78 cm • interior bathtub width: 47-52 cm • seat with drain holes • protective rubber elements of the seat • easy tool-less installation • medical device

BATH AIDS

product code: JMC-C 54032 JMC-C 54024

GRAB BARS

• maximum load: 100 kg • powder-painted frame with protective coating • humidity resistance • vertical and horizontal mounting

BATH AIDS

product code: JMC-C 5105

FOLDABLE WALL-MOUNTED SHOWER SEAT

• soft foam handgrips • aluminium-steel leg • height adjustable handle • base with three legs and rubber tips

BATH AIDS

product code: TGR-R KP 355L

SHOWER SEAT WITH BACKREST AND HANDLES

• maximum load: 135 kg • dismountable backrest and armrests • wide seat • height adjustable feet • side handles • anti-sliding tips

BATH AIDS

product code: TGR-R KP 340L

SHOWER SEAT WITH EASY MOUNTING SYSTEM

• maximum load: 100 kg • wide seat made of PVC • side grips by the seat • height adjustable feet • anti-sliding rubber tips

BATH AIDS

product code: BOCK

DOMIFLEX II

• external actuators in a built-in version • 4-surface foldable wooden bed • height adjustment from 40 to 81 cm • headrest angle adjustment from 0° to 70° • stable assist bars • possibility of patient transport • easy to install and dismantle • silicone handles for crossbars • overhead trapeze

ELECTRICALLY CONTROLLED REHABILITATION BEDS

product code: R-GOFF

GOFER-TYPE MATTRESS

• maximum load: 100 kg • polyurethane foam • cover made of vapour-permeable fabric • ability to wash at high temperature • zip-fastened

MATTRESSES

product code: TGR-R KP-O 3432 TGR-R KP-O 5021

ROUND/ROTATING SHOWER SEAT

• maximum load: 135 kg • PVC seat • height adjustment • anti-sliding rubber tips • system facilitating installation

BATH AIDS

product code: BOCK

DOMIFLEX

• precise and durable control cylinders • height adjustment from 40 to 81 cm • headrest angle adjustment from 0° to 70° • side rails • possibility of patient transport • easy to install and dismantle • silicone handles for crossbars • overhead trapeze

ELECTRICALLY CONTROLLED REHABILITATION BEDS

product code: Floorlne

LONG-TERM CARE BED

• height adjustment: from 15 to 80 cm • three double wheels with dual directional lock • 4-section sleep surface • tool-less extensions of the bed and assist bars • adjustable with a button

ELECTRICALLY CONTROLLED REHABILITATION BEDS

product code: R-BAW / R-ZM / R-PAR

HOSPITAL MATTRESS

• maximum load: 100 kg • polyurethane foam • cover made of cotton, washable or vapour-permeable fabric • zip-fastened

MATTRESSES

product code: TGR-Y MB 001-1

MATTRESS WITH COMPRESSOR

• maximum load: 110 kg • made of durable PVC • bubble structure • transverse chambers • feed pump up to 110 kg

ANTI-BEDSORE MATTRESSES

product code: TGR-Y MR 001-2

TUBULAR MATTRESS WITH COMPRESSOR

• maximum load: 110 kg • made of durable PVC
• tubular structure • transverse chambers • feed pump up to 110 kg
• cover • spare chamber

ANTI-BEDSORE MATTRESSES

product code: TGR-Y MR 001-3

THREE-FLOW MATTRESS

• maximum load: 135 kg • made of durable PVC • tubular structure • three-flow • feed pump up to 135 kg • spare chamber • cover • air microventilation • vapour-permeable cover with moisture control

ANTI-BEDSORE MATTRESSES

product code: R-15 / R-15p
R-33 / R33P / R-4

ROUND PILLOW FILLED WITH GRANULES

• cotton or vapour-permeable fabric • zip-fastened cover • filled with polystyrene beads

ANTI-BEDSORE CUSHIONS

product code: TGR-R PP 474

INFLATABLE CUSHION

• self-inflating pneumatic chamber system • VISCO-ELASTIC foam with shape memory • vapour-permeable and anti-sliding fabric cover

ANTI-BEDSORE CUSHIONS

product code: BUBBLE BASIC

BUBBLE BASIC

• maximum load: 120 kg • self-adjustment of hardness • made of washable medical nylon

ANTI-BEDSORE CUSHIONS

product code: BUBBLE EXPERT

PNEUMATIC WITH AUTOMATIC VENT – BUBBLE EXPERT

• maximum load: 120 kg • self-inflating vent • breathable zip-fastened cover • comfortable grip

ANTI-BEDSORE CUSHIONS

product code: BUBBLE EVERYDAY

PNEUMATIC WITH HIDDEN VENT – BUBBLE EVERYDAY

• maximum load: 120 kg • double-layered cover made of lightweight, breathable mesh fabric • pump included in set • breathable zip-fastened cover

ANTI-BEDSORE CUSHIONS

product code: SVP 2412

SALVAPAD PROTECTORS - SALVAPAD

• breathable synthetic fabric • adequate moisture control • polyamide velour • cleaning or washing in up to 95°C • medical device

ANTI-BEDSORE CUSHIONS

product code: SALVACLIP

SALVACLIP

• belt stabilizing: pelvis, pelvic girdle, abdominal belt, immobilising 5-point jacket, stabilizing torso (with a hook-and-loop or a clip fastener), stabilizing groin

PATIENT IMMOBILISATION AND TRANSFER

product code: SALVAFIX

SALVAFIX

• restraint belt: for ankles, chest, torso, wrists, thigh

PATIENT IMMOBILISATION AND TRANSFER

product code: SCP 4300M / 4300L

PELVIC STABILISING BELT

• fluid-impermeable fabric • comfortable stabilisation of a patient • ergonomic design • length adjustment • washable up to 40°C

PATIENT IMMOBILISATION AND TRANSFER

product code: SCP 4500

ABDOMINAL BELT

• fluid-impermeable fabric • ergonomic design • buckle and hook-and-loop fastener • length adjustment • washable at up to 40°C

PATIENT IMMOBILISATION AND TRANSFER

product code: SVC 2500 / SVC2510

PROTECTIVE GLOVE

• material: soft velour • breathable mesh • quick adjustment – hook-and-loop fastener

PATIENT IMMOBILISATION AND TRANSFER

product code: SVC 2476XL

WRIST OR ANKLE BELT

• material: interior – 75% polyester; 25% viscose, exterior: velour • fastened by hook-and-loop and a metal buckle

PATIENT IMMOBILISATION AND TRANSFER

product code: TTE 6100 - TTE6122

EASY SLIDE

• made of ultra-thin, durable slippery nylon material • sewn into a sleeve

PATIENT IMMOBILISATION AND TRANSFER

product code: STMT 6512 /6513
                6500 /6520

TRANSPORT BELT

• specially reinforced fabric • wrapping belt with adjustable length • front-fastening with a buckle • internal anti-sliding material • external handles

PATIENT IMMOBILISATION AND TRANSFER

product code: TMG 6405

TRANSPORT BOARD WITH HANDLE

• possibility to modify • rigid surface

PATIENT IMMOBILISATION AND TRANSFER

product code: TMT 6550

SWIVEL PLATE

• anti-sliding top surface • 15 mm high

PATIENT IMMOBILISATION AND TRANSFER

product code: TMT 6555

SWIVEL CUSHION

• soft material in the upper part • anti-sliding bottom

PATIENT IMMOBILISATION AND TRANSFER

product code: 8F-10

OXYGEN CONCENTRATOR WITH FLOW SENSOR 10 L

• system alerting about cutting off the supply of electricity, inadequate pressure • low energy consumption • oxygen flow: 1–10 L/min • oxygen concentration sensor

OXYGEN CONCENTRATORS

product code: 8F-8

OXYGEN CONCENTRATOR WITH FLOW SENSOR 8 L

• system alerting about cutting off the supply of electricity, inadequate pressure • low energy consumption • oxygen flow: 0.5–8 L/min • oxygen concentration sensor

OXYGEN CONCENTRATORS

product code: 8F-5

OXYGEN CONCENTRATOR WITH FLOW SENSOR 5 L

• system alerting about cutting off the supply of electricity, inadequate pressure • low energy consumption • oxygen flow: 0.5–5 L/min • oxygen concentration sensor

OXYGEN CONCENTRATORS

product code: 8F-5AW

OXYGEN CONCENTRATOR WITH FLOW SENSOR AND NEBULISER

• LCD display • nebuliser • alarm systems • remote controlled • compact size and low weight • quiet operation • execution time measurement function

OXYGEN CONCENTRATORS

product code: 7E-C

PORTABLE ELECTRIC ASPIRATOR

• low noise level • modern design • compact size and weight • AC or DC power

ELECTRIC ASPIRATORS

product code: 7E-G

PORTABLE ELECTRIC ASPIRATOR

• three-way power supply: AC, DC, battery
• battery: continuous operation for up to 30 minutes • modern design • compact size • repeated battery charging • information on fully charged battery

ELECTRIC ASPIRATORS

product code: 7A-23D / 7A-23B

MOBILE ELECTRIC ASPIRATOR

• vacuum control system • safe and reliable • mobile thanks to transport wheels • hand and foot switch • quiet operation

ELECTRIC ASPIRATORS

product code: 402AI

ULTRASONIC NEBULISER

• water level alarm • oscillating membrane (large and small) • reverse drain safety connector • nasal tube

INHALERS / NEBULISERS

product code: 403M

COMPRESSOR NEBULISER

• portable device • operates intermittently: 30 minutes of operation and 30 minutes of rest • compact size and weight • modern design

INHALERS / NEBULISERS

product code: 405B

COMPACT COMPRESSOR NEBULISER

• compact size and weight • modern design • quiet and smooth operation

INHALERS / NEBULISERS

product code: M102

MESH NEBULISER - WIRELESS

• pocket-sized • ultra-quiet • made of: mesh technology • vibrating membrane

INHALERS / NEBULISERS

product code: YE-660B

UPPER ARM BLOOD PRESSURE MONITOR

• date/time display • average of values from 3 measurements • memory for 74 most recent measurements • LCD display • modern design • fully automatic measurement mode

MANOMETERS

product code: YE-690A

UPPER ARM BLOOD PRESSURE MONITOR WITH AFIB DETECTION

• large arrhythmia alarm display • LCD display • modern design • memory for 74 results for two independent users • fully automatic measurement mode

MANOMETERS

product code: 3.02.008

MANUAL PRESSURE MONITOR WITH STETHOSCOPE

• elegant finish • cuff with a clock • one sided stethoscope • large, easy-to-read manometer scale • resistant to mechanical injury

MANOMETERS

product code:

CONTACT-FREE WALL-MOUNTED THERMOMETER

• instant automatic measurements • responds to motion • fever alarm • powered by a USB type C cable or a battery • high accuracy (± 0.2 ° c) • measurement distance: 1-10 cm

THERMOMETERS

product code: YT-1

CONTACT-FREE THERMOMETER

• accurate measurement • vibration and audible fever alarm • measuring distance indicator • battery life indicator • screen backlight

THERMOMETERS

product code: YH-580

AUTO CPAP MACHINE

• high performance • 4-stage silencing system • records sleep parameters on the SD card • automatic pressure relief function at the user's exhaust • exhaust relief function

SLEEP APNEA TREATMENT

product code: SDP-330

TENS ELECTRICAL STIMULATION MACHINE

• small compact housing • 8 operating modes • 9 treatment intensity levels • built-in battery • micro-USB charging • high quality • medical device
• CE certified

ELECTRICAL MUSCLE STIMULATION

product code: SAYOLI-150

UV-C AIR STERILISER

• home sterilizer • generates sound of up to 14.9 dB • filter replacement suggested after 12 months of use • external dimensions 250 mm x 250 mm x 503 mm • mains plug
• weight 8.3 kg

ELECTROMEDICINE

product code: YHWB02

SHAMPOO BASIN

• water drain hole • dual air chambers • portable shower • tank up to 8 litres of water

PATIENT HYGIENE

product code: 87ENTAS1220-07
PLMA1502260-72

SOAPY WASHER – CLEANET PLUS / GANTNET PLUS

• glove-style disposable washers • cleaning liquid on both sides of the glove • soft fabric • neutral PH soap

PATIENT HYGIENE

product code: 01EF0122001-55

WASHER WITH CLEANING GEL – HIGIMED

• disposable sponge washers • soaked with neutral PH cleaning gel • texture similar to reusable sponges

PATIENT HYGIENE

product code: 01MA1552090-76

GLOVE-TYPE WASHER SOAKED IN CLEANSING AGENT – GANTNET

• glove-type disposable washers • covered on one side with a natural PH washing agent • high basis weight • slightly rough surface

PATIENT HYGIENE

product code: HJM-GB

SPONGE APPLICATOR

• allows moisturising of the mouth • made of soft, absorbent sponges

PATIENT HYGIENE

product code: OASIS® SHAMPOO CAP

RINSE FREE SHAMPOO CAP

• pre-impregnated with a mild shampoo and conditioner • variants: normal, antibacterial • unit package: 1 pcs. collective packaging: 30 pcs.
PATIENT HYGIENE

product code: OASIS® BED BATH

PATIENT CLEANSING WIPES OASIS BED BATH

• scented, unscented • scented antibacterial • unscented antibacterial • size: 33 cm x 22 cm • collective packaging: 48/5 pcs.; 32/8 pcs. 24/10 pcs.

PATIENT HYGIENE

product code: CELDRAP

DISPOSABLE DRYING TOWELS MADE OF FABRIC

• made of very absorbent and soft cellulose • high weight of the material ensures excellent water absorption • packaged in a dispenser form

PATIENT HYGIENE

product code: SEF200 /SEF400

CLINISAN CLEANSING FOAM

• anti-bacterial properties • provides reduced washer consumption – 44% compared to soap and water • numerous moisturising substances and no parabens • nourishes, and minimizes irritation

PATIENT HYGIENE

product code: HJM-SO

SUCTION TOOTHBRUSH

• soft bristles • cleaning, rinsing and suctioning at the same time • manual suction control • the other side of the toothbrush covered with hard sponge

PATIENT HYGIENE

product code: BIOSEPTOL 80

BIOSEPTOL

• liquid for professional hand disinfection • efficacy against Type I polio and adenoviruses • efficacy against enveloped viruses: Herpes simplex, HBV, HCV, HIV • contains D-panthenol to nourish and hydrate the skin

PATIENT HYGIENE

product code: AHD 1000

LIQUID HAND SANITIZER AHD 1000

• extended disinfection • based on ethyl alcohol • moisturising substances • presence of fragrance oil • protects the skin • recommended for disinfecting sensitive and allergy-prone skin • does not leave the feeling of sticky hands • degreases the skin

DISINFECTION

product code: Hydrosept A

LIQUID HAND SANITIZER HYDROSEPT A

• virucidal and bactericidal • safe for people and the environment • free from fragrances and colouring substances • does not irritate the respiratory tract • very efficient

DISINFECTION

product code: 9736

AERODESIN 2000

• ready-to-use • alcohol-based • bactericidal, tuberculocidal, fungicidal, virucidal • for disinfecting surfaces that come in contact with food • possibility of using the product by spraying or using a cloth • does not create a greasy coating • dries quickly • a pleasant, delicate fragrance

DISINFECTION

product code: MEDILAB 40581053041

MEDIWIPES PLUS

• disposable alcohol wipes • bactericidal, fungicidal, tuberculocidal – 1 min • virucidal efficiency

DISINFECTION

product code: MEDILAB 4059450
MEDILAB 40

MEDIWIPES DM

• high material compatibility • disinfection of alcohol sensitive surfaces • high-quality materials • biocidal efficiency

DISINFECTION

product code: 9264-5l / 9256-1l

LYSOFORMIN 3000

• washing and disinfecting at the same time • biocidal, bactericidal, tuberculocidal, fungicidal, virucidal • proven in epidemiological emergencies • removal of organic pollutants • contains corrosion-resistant substances • does not leave spots or deposits • can be used in ultrasonic baths

DISINFECTION

product code: easyCARE LATEX

LATEX EXAMINATION GLOVES

• medical device • PPE • approved for use in contact with foodstuffs • polymer-coated inner glove layer • powdered or powder-free • rolled edge for easy application • universal shape to fit right or left hand

DISINFECTION

product code: easyCARE NITRYLE

NITRILE EXAMINATION GLOVES

• medical device • PPE • powder-free • internally chlorinated • textured at the tip of the fingers • rolled edges for easy application • universal shape to fit right or left hand • colour coded for size

DISINFECTION

product code: ZARYS

FOLEY CATHETER 100% SILICONE

• made of 100% medical silicone • transparent – facilitating observation • sterile, for single use • soft, symmetrical, uniformly filled balloon • smooth, precisely contoured outer surface

GENERAL MEDICINE/MEDICAL GLOVES

product code: ZARYS

NELATON CATHETER

• twist and kink resistant • slightly rounded, closed tip • two lateral, soft-edged holes
• sized marked by colours of connectors • sterile

GENERAL MEDICINE/MEDICAL GLOVES

product code: ZARYS

TWO-WAY SILICONISED FOLEY CATHETER

• made of natural latex, coated with silicone elastomer • pressure and tear resistant balloon • sterile, for single use • colour coded for size

GENERAL MEDICINE/MEDICAL GLOVES

product code: ZARYS

JANETA CATHETER SYRINGE

• three-piece, with cone to the catheter • dual-seal rubber piston • orifice keeping the piston from slipping • easy-to-read and durable scale • sterile, for single use

GENERAL MEDICINE/MEDICAL GLOVES

product code: ZARYS

GASTRIC TUBE 100% SILICONE

• made of 100% medical silicon • fully soft and flexible • has a depth marker (2020-0004) • X-ray contrast line • tapered tip for easy insertion • sterile catheter cap

GENERAL MEDICINE/MEDICAL GLOVES

product code: ZARYS

ENEMA BAG

• single use • latex-free • made of medical PVC • tip of the drain sealed with a cap

GENERAL MEDICINE/MEDICAL GLOVES

product code: ZARYS

URINE COLLECTION BAG WITH T-TYPE BOTTOM OUTLET

• latex-free bag • made of strong, medical PVC • effective anti-reflux valve • self-sealing port • leak-proof transverse (T) drain valve, single-handed operation • easy-to-read scale • reinforced hanging holes

GENERAL MEDICINE/MEDICAL GLOVES

product code: ZARYS

FEEDING CUP

• made of high-quality plastic • specially shaped mouthpiece • scratch-resistant material • declaration of conformity, CE mark • suitable for sterilization in autoclave at up to 130°C

GENERAL MEDICINE/MEDICAL GLOVES

product code: ZARYS

BEDPAN

• made of easy-to-clean plastic • suitable for sterilization in autoclave at up to 130°C

GENERAL MEDICINE/MEDICAL GLOVES

product code: ZARYS

MALE URINAL

• male urinal with handle • made of easy-to-clean plastic • suitable for sterilization in autoclave at up to 130°C

GENERAL MEDICINE/MEDICAL GLOVES

product code: ZARYS

KIDNEY DISH

• suitable for sterilization in autoclave at up to 130°C • size: 20 cm, 28 cm

GENERAL MEDICINE/MEDICAL GLOVES

product code: -

MEDICAL CAP

• colour: green, blue • unit package: 100 pcs.

GENERAL MEDICINE/MEDICAL GLOVES

product code: ZARYS

MEDICAL MASK

• covers nose, mouth, chin • high air permeability • resistant to permeation • three-layer • lint-free and hypoallergenic fabric • a clip allowing to fit to the nose • non-sterile

GENERAL MEDICINE/MEDICAL GLOVES

product code: -

SHOE COVERS

• fabric, foil • colour: green, blue • unit package: 100 pcs.

GENERAL MEDICINE/MEDICAL GLOVES

product code: BT-019

MEDICAL APRON

• made of polypropylene non-woven • ties at waist and neck • long sleeves with elastic cuffs • breathable • single-use • non-sterile •

product code: -

MEDICAL BED SHEET

• made of polypropylene non-woven, laminated polypropylene non-woven or SMS non-woven • dimensions: according to customer's specification • unit packaging: foil, bulk packaging: cardboard box

product code: BT

BETATEX ABSORBENT UNDERLAY

• composed of five laters: laminate, cellulose wadding, cellulose pulp, cellulose wadding, PP non-woven • absorbent insert made of cellulose pulp • impermeable foiled bottom

product code: ZARYS

PAPER UNDERLAY
